

Get ready to choose your classes!

Dear Stevenson Student,

Welcome to UCSC—and Stevenson College! We look forward to working with you as you pursue your educational goals and further your academic success!

You are now part of an engaged and creative academic community of students, faculty and staff, and Fall Quarter is just around the corner. Believe it or not, it's time to start thinking about enrolling in your first set of courses. If you attend [Summer Orientation](#), you will be enrolling through your student portal (my.ucsc.edu) your Orientation date. If you are *unable* to attend Summer Orientation, you can enroll via your student portal beginning August 7.

As an EAP Reciprocity student, your enrollment will be different from most other students. Your course selections will depend on your home institution's requirements and guidelines and you may need to contact the [UCSC major/program advisers](#) to be cleared for course prerequisites. You may find the [Transfer Advising Guide](#) helpful for an overview of enrolling at UCSC, but information on UCSC requirements for majors and graduation may be disregarded. The steps below will help you with the enrollment process. To ensure a smooth enrollment experience and a great first quarter, please complete the following steps before your enrollment date:

- [Step 1: Choose and Enroll in Your Fall Courses.](#)
- [Step 2: Review Important Information & Resources.](#)

Learning a new system at a new school can be an overwhelming prospect, however UCSC has a wonderful staff of advisers who will help guide you through the process and answer any questions you have. Please feel free to contact us at stevensonadvising@ucsc.edu for assistance in understanding the university.

And finally, remember to check your [UCSC email](#) frequently! As Fall approaches, Stevenson College and other UCSC departments will use that address to send you important information. As you may have noticed, email is our official means of communicating with you.

We hope this helps get you started—and we look forward to meeting you!

Enjoy your summer, we will see you soon!

Best wishes,
Marie, Nairi & Asia
