June 14, 2019

Dear New Stevenson College Student:

On behalf of the faculty, staff and students, I want to congratulate you on your recent acceptance to UCSC and welcome you to your new home at Stevenson College.

As the Provost of Stevenson College, I am responsible for providing classes and academic activities to enrich the intellectual life at the college. I also oversee the academic advising staff who work with you to monitor your progress towards graduation and can assist you with choosing courses. In addition to my role as Provost for Stevenson College, I am also an Associate Professor of History and Critical Race and Ethnic Studies and Co-Director of the Center for the Study of Pacific War Memories.

At UCSC you will discover a large research university with a wealth of opportunities for growth and learning. Your academic work and co-curricular activities will allow you to explore this beautiful and expansive campus. Within the context of a major university, UCSC seeks to provide our undergraduates with the collegiate experience; a hallmark of a fine education. UCSC is virtually the only public university in the United States to afford students both the warm embrace of a small college and access to researchers who are at the frontiers of knowledge.

Founded in 1966, Stevenson is one of the first colleges at UCSC. We are located on a hill overlooking the beautiful Monterey Bay, close to restaurants and shops, library, pool, track, and gym. Our theme, "Self and Society," emphasizes the goals of both self-understanding and active participation in one's community. Our students' diverse backgrounds, perspectives and interests, our 2-quarter "Self and Society" core course, and our lectures and community events contribute to making Stevenson a stimulating environment. Your active involvement and leadership are important to this community and I hope that you will be able to take advantage of the many opportunities available to you while you are in residence. I hope you also will take time to join the faculty, staff and students in participating in the life of the college.

Sign up for summer orientation! You should have already received information about our online summer orientation program called "Slug Orientation": <https://orientation.ucsc.edu/summer/index.html>. This program includes a series of three monthly online courses for June, July, and August, designed to give you a successful start at UCSC. These courses will introduce you to our academic advising system, help you explore (or confirm) your educational goals, learn how to use your MyUCSC portal to enroll in fall classes, connect you to your online Orientation Leader Team, and remind you of critical deadlines.

Confirm your eligibility and enroll in classes: An early enrollment appointment will improve your chances of enrolling in the classes you want at the times you want. To get an early appointment, you must confirm that you are eligible to enroll (that is, that you have met the “conditions of admission”) and complete Slug Orientation Courses 1 and 2.

- To confirm your eligibility, submit your [official test scores and transcripts to admissions](#) by the deadlines. Official transcripts must be sent electronically or postmarked no later than *July 1*. The deadline for official test scores is *July 15*. Please note that *missing either of these deadlines could result in the cancellation of your admission to UCSC*.
- To enroll in classes early, complete Courses 1 (by June 24) and 2 (by July 14). The earlier you complete these Slug Orientation courses, the earlier you will receive your enrollment appointment. Many UCSC classes fill up quickly so I strongly encourage you to enroll in Slug Orientation and meet the deadlines for these courses!

Request a fee waiver (if eligible): Slug Orientation course links will be sent directly to your [UCSC email account](#) only (it is the official form of communication the university uses with students). Fee waivers are available for eligible students. To request consideration for a Slug Orientation fee waiver, contact the Orientation office at 831-459-5468 or email orientation@ucsc.edu.

You also should have received information regarding University housing: <http://housing.ucsc.edu/guide/>. If you will be living on campus in the fall, your initial housing assignment will be sent to you in July.

One of the important functions that Stevenson College offers is your academic advising services. I would like to introduce you to your Advising Team at Stevenson College: Academic Preceptor Marie Yoo and Academic Advisers Kristyn Crouse and Esteban Adame. Your Stevenson College academic advising team provide support in transitioning to the university, understanding university requirements and policies, exploring academic interests, and supporting your academic success. More information about Advising, including contact information is available here: <https://advising.ucsc.edu/about/colleges-advising/index.html>.

At UCSC we have a strong commitment to the environment. From now on, all of our communication with you will be done via email, as this is the official form of communication for the university. When the time comes, be sure to activate your UCSC google email account: <http://its.ucsc.edu/google/gmail.html>. In mid-June we will be sending you some very important advising information via email to assist you with academic planning for the fall (this will be sent to your personal email, but as of September, we will no longer use your personal email). Please read this information carefully when it arrives because the material will help you prepare for fall quarter.

In the fall, we will welcome you to your new home where you can dive into collegiate life. We are honored to be a part of your experience, and we have no doubt that your attachment and passion to UCSC and specifically to Stevenson College will grow and grow during your time here.

Sincerely,

Alice Yang
Provost, Adlai E. Stevenson College
