Stevenson Student Council: March 6, 2014

Lila: Meeting call to order 7:33. David is running a little late so I’m going to go through intros and everything till he gets here.

David: I have one thing to add to the agenda.

Isabelle: I have proposed for SCC to help us out for with money for Shakti Butler race power and economics April 7th.

David: We want to co-sponsor the event and help out with the office of diversity.

Kelly: I wanted to give a report back about UC Janet Napalatino debate.

Lila: Motion to approve agenda.

Michel: Second.

David: Seeing none this motion passes

Carolyn: Motion to approve last weeks minutes.

Victor: Second

David: Any objections? Seeing none this motion passes.

Nikki: We are an Organization to educate students about the pacific islanders. We would like have a carnival May 24th of different art representations of the pacific islands. There will be dance groups, musician, and artist workshops. We aim to promote strength and diversity on campus. We have down scaled our event so we are now asking $3,000 instead of $4,000.

Lila: Is the event free and how are you advertising?

Nikki: The event will be held in the Stevenson event center. It is free so addend and we will advertise through word of mouth and social media.

Lila: How many Stevenson students are in your organization?
Nikki: There are only 5 of us on the committee so there are not any Stevenson students

Marianna: What do you need money for?

Nikki: workshop materials and performers who will be present.

David: What other funding bodies are you going too?

Nikki: All of the colleges, SUA, and core council?

Michael: What is the total cost of the event?

Nikki: originally 4,000 but then it was down graded to 3,000

Budget: $40

Sam: There event is not until late spring quarter could we wait till next quarter to fund them?

David: We could

Kelly: We could pay for the Stevenson event center cost since it will be hosted at Stevenson

Lila: I feel like they might be biting off of than they can chew, but it does sound like a cool event.

Vanessa: Motion to fund 150 for the event center for people of the islands.

Lila: second

David: We will table this until we have quorum. This will give us $1990 for next quarter. We will move on to announcements for now. Next tuesday is college night.

Lila: There is a C4 event march 14th 6-8 pm in Cowell conference room. There will be good food and gluten free pizza. C4 is basically when all of the committee reps come to us once a quarter and give us a report back so students know what is going on in these organizations.
Edmund: Friday March 14th Persian Shabbat we did fund this event. So we should all attend for great food and a great time. Tabby Divooty will also be taking about how Persepolis and life correlate, next Monday in the Stevenson event center.

Lila: We should pose a question at that event and ask freshman what they would like to see in the renovations for the Stevenson library.

David: I like that idea we could get a good perspective on what the freshman would like to see in their library.

Christine: Programs Assistant meeting next week. There are two info sessions March 12th and March 13th if you would like to work in the programs office.

David: It's a fun job we come early in the summer and do residential life training with the RA's and work with them on quarterly projects. You can brainstorm events you would like to put on the college nights and each programs assistant and pick games and foot they would want. Flexible hours and fun job. You work when you can I highly recommend it.

Victor: I've been a OL since the beginning of Freshman year we put on Brinner and dodge ball. We also do a lot for move in and welcome week. It is a volunteer and no pay but a stepping stone position.

David: They are a very important aspect of welcome week we couldn't do that without them.

Gandhi: I have flyers for my event “who is Jannet Napolitano” Come out learn and have fun with Janet Napolitano.

Tyler: We are doing the breakfast catering Tuesday for last quarter so we need people to sign up. The study jam will be from 6-11 the following day Wednesday. It will be in both lower and upper quad. I will need your names and your emails.
David: We will need people at 8 o’clock there to set up tables and serve food.

Lila: President of SCOC came to us asking us to sponsor 3,000 holly and indian holiday the celebrates happiness and life. On OPERS were going to have all these dyed powered, you can get really messy and have a lot of fun. They want to know if SCOC came do it we said we would be willing to fund if it is in our budget. We don’t know if you guys are ok with us funding, so we were wondering how you guys feel about that.

Gandhi: how much money would you have left over?

Lila: We wouldn’t have much left over so we are kind of pushing our budget.

Charlsie: We decided to make the event free but there will be a donation box for prosthetic libs in India, and a memorial service for a alumni who passed away this past year.

Isabelle: When we are finished I will email David the exact numbers so he can report back to us.

Lila: SUGB will be having a luncheon with all the tenants the first week back and we want to have the more outreach events.

Kelly: Janet Napalatanto this past tuesday she is going to look at the cigarette ban on out campus they quarter. Complaints about trash and possible forest fires. She wants to diversify the staff by diversifying our TA's so we have a diver staff on our campus.

Tuition will be frozen next year but after that it will increase. We called about campus climate and how to make better connection with UC president and student leaders that we did not really come to a decision on. She will not be returning to our campus anytime soon. She wont be touring the campus after this year.
Lila: In the presidents defense they can’t just visit a campus it takes a years planning for security. It takes a long time to plan a visit for a UC president. A lot of students want other students to be able to meet with her but she has only met with the student leaders in the past.

David: Any other report backs?

Christine: My question regarding study-jam what is the vision? What is the set up or equipment needed?

David: We should get brain food and have blue books and scantrons for people as well

Lila: We should make a Facebook event and spread it to the Stevenson freshman page.

Christen: I will not be there that week so this is a big deal that am trusting you all with the event center.

David: I will use my key to open the back door and set up the event center.

Christine: Yes because we normally don’t schedule events during finals week.

Gandhi: I have a project idea, for a new movie event that just came out of DVD we could by the rights to play the movie in the event center.

Lila: It costs about 100 to fund the rights depending on how many people are at the event.

Christine: Because you are showing in a public space it is illegal without the rights.

David: Gandhi let us know a few movies and what the copy right costs would be.

Gandhi: sounds good.

David: Kelly will email you when she will be making posters for upcoming events.

Christine: For the breakfast UTA will be around for help setting up tables.
Anhi: We would like to know is Stevenson would like to help sponsor this event. In October Ahanti Buter cam to campus to talk about racial inequity. there wasn't a good turn out so she said if we got 200 plus students to come she will come back for free. She will show her movie and show contemporary struggles and embrace the possibility of a world that everyone can thrive in. a few new learning outcomes better understand elements cultural practices help learning gaps, adaptive leadership. this is a really important event centered around the issue of race. we would really like it to happen we just need the funding. We just need to cover her travel meals and lodging for the sake of the event. The event center has already been donated for this event. We were wondering if you guy would be interested in co sponsoring this event this Friday at 5:30. The event is open for everyone its a campus wide event.
Kelly: Will you be going to other colleges?
Anihi: We are going to other colleges but we thought it would be good PR for Stevenson to co-sponsor the event.
Lila: Motion to sponsor them the full amount 2,040 without the tech fees
kelly: second
David: all in favor:12 abs: 4majority has it full sponsorship.
Anihi: It starts at 7pm at the Stevenson event center.
Marianna: We said we wanted to start a Relay team for student council. And that is coming in the Spring 9th or 10th week of school. We need someone to volunteer to be our team captain.
Mariana: we want to have 10 people per team and 10 people. There is no limit you can raise as much as you want.
Christine: We could charge for the event Gandhi introduced to fund money for relay for life or an event that we have planned.

Christine: Stevenson Oakes what is going on with that? This is your guys event it is what you guys want to do with it.

Gandhi: I would like to start the communication with Oakes about the sugar rush event.

David: we need logistics with a date time and location with a certain date and time with our own advertising with each of the colleges.

Gandhi: motion to adjourn

Mariana: Second

David: meeting adjourned 8:49
