Lila: Meeting call to order 7:34

Kelly: Edge of Eden this Saturday! We are all really excited!

Lila: Don’t forget to vote and if you you know someone has not yet make sure to remind them.

Vanessa: Last Lecture series Wednesday 14th

Lila: SUA report-back presented a Proposed Budget. One of the major changes we came up with was deciding to leave or stay in USSA. Which is a lobby group across America and they lobby for us in DC on a federal level.

Gandhi: In the constitution is says there is a minimum .25 per student but they have increased their dues .50 per student. We are leaving it to the body to decide to give them the other 4,000 or the pull out completely. We want to know if USSA is worth the money to fund. I personally am in support of USSA because of all the work that they do, but I can also see why some people may want to pull out of the organization.

Lila: The counterargument is why are we paying so much money for USSA when most of us don’t see our moneys worth for it.

Gandhi: We also cut congress for USSA because the travel costs will be less for this year. If we do pull out of USSA we will have more money to go else where.

David: You guys also increased to programming budget?

Gandhi: Yes, and we also created a $10,000 line item for groups that aren’t registered student organizations.

Lila: Who votes for UCSC to stay in USSA and increase the fee to .50? Yes: 4 No: 6 Abs: 2
Kelly: For the Carnival some RA’s re doing an event on the knoll and they offered to combine our events. We discussed a bounce house food (more food) with a health and wellness theme.

David: We haven't spent a lot of our programming money and we are still planning on doing the breakfast. We could get like $500 worth of Costco at the carnival.

Kelly: Because of the RA event we need to change the date of the event.

David: As long as it is on a Friday afternoon into evening. Get a clear lay out of what we are going to need and assign roles.

Christine: We want to increase college night expenses and we have had more off campus turnout. We wanted to decrease the programs general fund a couple $100. We want to change a line item to a General OL fund for OL’s to do more programming. We want to decrease the student council programming funds because we haven't fully utilized it.

Gandhi: Did you make a line item for the Provost’s dinner?

Christine: No we did not, we can have another sub-committee.

David: We could make that for Monday at 4.

Lila: Motion to approve the Agenda

Colin: Second.

Lila: Motion to adjourn

Vanessa: Second

David: Meeting adjourned 8:28
